

The Modena Furniture Collection

The Modena Furniture Collection

The Modena collection is a new & distinguished range of Italian designed furniture which has been specially selected and tailored for Cadence Interiors to create a warm, stylish and luxurious interior.

High quality white oak veneers are used in an exquisite mosaic style and combine with solid oak detailing to create a range of bedroom and living furniture not only attractive to the eye but also durable.

In addition, the range includes designer bedside and floor standing lamps to complete the interiors feel.

All the products are produced by ISO 9001 accredited factories assuring you of the best quality and durability – not to mention design.

Furthermore you will be able to select your own upholstery colours or upgrade to leather as well as add a comprehensive kitchen, dining & household inventory. We can even arrange a full interior design service should you wish.

In this brochure we will introduce you to the range and other features before presenting you with a typical apartment inventory listing.

We hope that you enjoy looking through the furniture package ranges and invite you to contact our team for further information.

Living & Dining furniture

Vienna Sofa:

- Ample proportions and clean lines combine with a sofa bed for maximum versatility.
- Stain resistant fabric as standard in a variety of colours.
- Upgrade to Italian leather available.
- Wooden slatted sofa bed included.
- Removable/Washable covers

Dining Tables:

- Available in mosaic oak veneer or with toughened glass
- Mosaic dining chairs come with an upholstered seat
- Matching coffee tables included.

TV Unit:

- Ample space for even larger LCD televisions
- Shelving insert for DVD or mini audio systems
- Clean and uncluttered lines.
- Upgrade to larger TV units is available to suit your property & tastes

Extras:

- Full kitchen, dining and household accessories available on request.
- Supplementary furnishings list available on request.

Double Bed

Bedroom furniture

Studios:

For studio apartments, where possible we have recommended a double or twin bed layout.

Otherwise, and especially in more compact properties, a sofa bed option maximises the versatility of space.

One Bed Apartments:

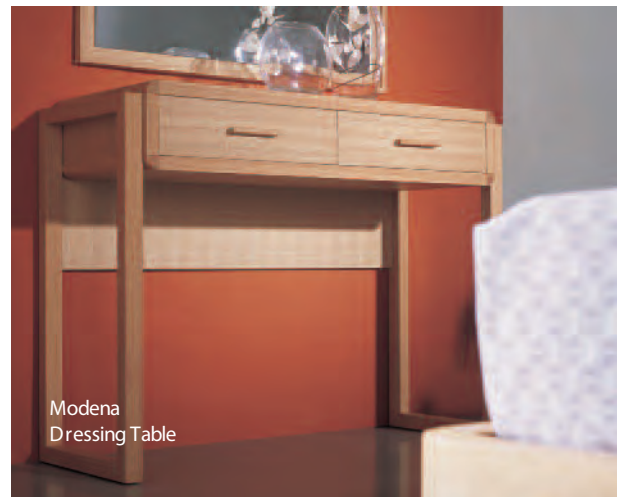

These are illustrated with double beds in the bedroom.

This can easily be switched for two single beds should you prefer. Where space allows we have always included a wardrobe, chest of draws and mirror.

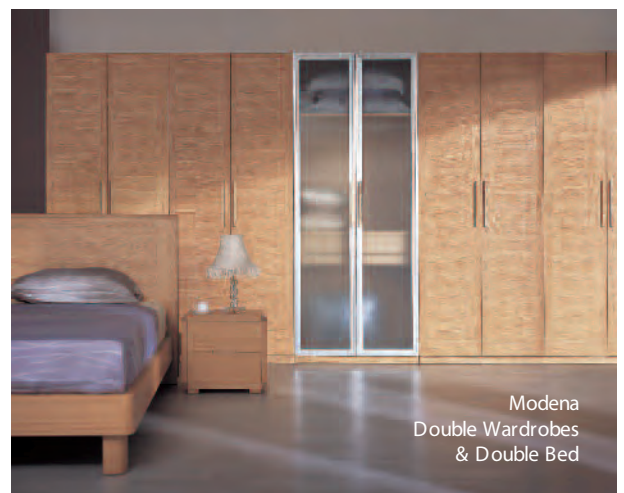

Two Bed Apartments:

For two bed apartments, where possible we have illustrated a double master bedroom and a twin second/guest bedroom.

The living room layouts are consistent with the inventory and 1 bed properties.
