## The Wild Side Furniture Collection

The Wild Side collection is a new & distinguished range of Italian designed furniture which has been specially selected and tailored for Cadence Interiors to create a warm, stylish and luxurious interior.

High quality white oak veneers are used in an exquisite mosaic style and combine with solid oak detailing to create a range of bedroom and living furniture not only attractive to the eye but also durable.

All the products are produced by ISO 9001 accredited factories assuring you of the best quality and durability – not to mention design.

Furthermore you will be able to select your own upholstery colours or upgrade to leather as well as add a comprehensive kitchen, dining & household inventory. We can even arrange a full interior design service should you wish.

In this brochure we will introduce you to the range and other features before presenting you with a typical apartment inventory listing.

We hope that you enjoy looking through the furniture package ranges and invite you to contact our team for further information.
